Science

## → Benefits

Earn 7 ECTS university credits while learning about the cutting edge in sustainable buildings within an interdisciplinary and cultural exchange. Theory is combined with practical exercises and a hands-on approach.

## → Learn from the best

International experts from universities, research institutions, and companies share latest developments from research and practice.

## → Best practice at hand

Buildings in Vienna showing the application of sustainable theories are presented as part of the course.

## → Try it yourself

Enjoy Vienna while living in a passive house.

## → Organizers

The **OeAD-Housing Office**, winner of the 2013 Austrian Climate Protection Award, offers passive houses for active students and accommodates 2,500 international guests annually in innovative and energy-efficient student dormitories.

The **BOKU University of Natural Resources and Life Sciences, Vienna** teaches sustainable use of natural resources by connecting natural, engineering and economic sciences.

The **TU Vienna** focuses on the relationship of energy to the environment in architecture, urban planning, as well as natural and engineering sciences.
